Crafting Your Own Creative Tasmanian Holiday Guide with Art Trails Tasmania

Add Workshops to Your Tasmanian Holiday Itinerary

Explore Your Creativity

About this Guide to Creative Tasmania

For art lovers, a Tasmanian holiday is a journey into the heart of creativity. Exploring local galleries, exhibitions, and artist-led workshops unveils the island's rich artistic soul.

You'll connect with passionate creators, experience the magic of handcrafted works, and immerse yourself in vibrant art trails, festivals, and retreats—each revealing Tasmania's unique and inspiring creative spirit.

Where the Joy Is

The joy is in discovering the Tasmanian artists, what they are doing, the workshops and art retreats they are leading, the experiences they are offering for you to explore.

So this guide is all about making it easy for you to unearth the artists, makers, designers, crafters, art and craft hubs, artist led galleries and shops, collectives, and co-operatives, festivals, fairs and markets and even the local councils who actually value us creative creatures!

By directly connecting you with our arts and crafts members my hope is that you'll be inspired by their talents and get a real sense of their personalities.

So do explore their socials and follow them, sign up for their newsletters, embrace this opportunity to authentically engage with real artists as they share their passion for creativity and Tasmania.

Crafting Your Own Creative Itinerary

This guide is all about connecting you with creative Tasmanians so you can go beyond Mona. While Mona is a fabulous experience, there is an entire vibrant and diverse Tasmanian creative community and here is your entry point.

The guide is laid out in regions, so wherever you are going you can explore your creativity.

Simply click on the links to websites and socials to find out what events are being held when and where by whom.

Some are open 5 or 7 days a week, others hold only a few events each year or are even bi-annual events while there are others hold regular workshops, art retreats and exhibitions. So come explore!

Learn Sashiko stitching with beautiful Australian Wildflower panels in an Art Trails Tasmania Workshop

What you won't find...

You won't find the perfectly slick and schmick corporate branding promising something "authentic" that has come out a shiny glass box.

This is an artist led, grass roots community of real life artists and makers. We are all figuring out our websites and socials as we go and doing our best, even if it is a tad daunting sometimes!

So I truly hope you find creative joy and inspiration in your explorations and connections with all who are featured here.

Mel Hills Wildlife Artist

Welcome to Art Trails Tasmania

Art Trails Tasmania is an artist led initiative created by Belinda Stinson.

At its heart, Art Trails Tasmania has the goals of supporting and empowering artists, helping to showcase their wonderful talents and activities, sharing their stories through Artist Profile and Event News blog posts and giving you the delightful experience of crafting your own creative tour of Tasmania.

What better way to create your own joyful memories of your travels through Tasmania than to include artist led workshops and retreats, exhibitions, gallery and co-operative visits, art trails and festivals? That's how you have the best holidays!

Our Art Trails Tasmania Community

We are a growing community of artists and artisans, makers and writers, crafters and designers, potters and stitchers, illustrators and curators who find endless inspiration from this beloved state of Tasmania.

While most of our members are Tasmanian based, art lovers from across the country and waters are most welcome to join us too.

Living the Good Life

Belinda wants there to be more arts and crafts in our world, in our communities and in our own lives.

It is about allowing all of us who feel this love for the arts and crafts to enjoy more of it our lives, because it makes for a better life, a good life.

Heartfelt Thanks

It is only with the support of our members that this grass root project exists. So it is with deep heartfelt thanks to each and everyone of our members, from across Australia, not just Tasmania, for stepping up and backing this initiative.

I started out with the simple desire to bring more creativity into our daily lives by making it easier for us arts and crafts lovers to find our tribe in Tasmania. Whether we are travelling around this stunning state as visitors or making our homes across the varied landscapes of this isle, it keeps coming back to making authentic connections centred on Creativity.

And that is exactly what this guide is all about; making it easier to create these connections.

But this guide could only come into being because creative creatures like you decided to join and back my early endeavours. I hope you are proud of this supportive community that we are making together. I am.

So thank you, thank you, thank you!
